**NEW AND SCARCE PEONIES**

Some are priced low to close out these items. A large stock of some fine things allows a low price. Not all sorts at a low price are less desirable. Higher and actual list price are worth the money. Some fine and very fine are priced low because too similar to others.

* varieties can be selected for discount or rebate applied (purchased 6.00 or more) and are not applied to other sales. Good divisions of low cost sorts will weigh ½ lb. and up.

Large divisions of low cost sorts will weigh ½ lb. to 1 lb. and over.

**SINGLE PEONIES**

It is the plain and simple things that are more beautiful and flower lovers who contend that the singles and Japs are the most beautiful have a very good chance of winning in the single division. The winning side include two or three single or Japanese with every dozen.

Aliborsa, The Bride—Finest single white. Blooms so early it is available on Memorial Day. Delicate pink. Anamala Smoothili—Fine bright red. The first Peony to bloom and for this reason prized by all who possess it. This Peony is much superior to all other varieties. The flower large and foliage stays green all summer, while Tenfelsia soon dries up like an Oriental Poppy.

**JAP PEONIES**

Alma—Delicate pink, large bunch of petaloids. Fine. Esther—Large bunch of petals, while centers tipped rose. Very dainty and fine as some much higher in price. Snow Wheel—Second finest white Jap. Small rooted. Pay enough and have a large rooted rose.

Tsurugufuji—Next to Mikado the finest red Jap, but so distinct that it is unlike it. Roots are smaller than average. Pay more for a larger root. Philomela—Pink guards with center of almost orange yellow. Large flowers and fine more than some higher in price. Attraction—Well named. Large flower of clear mauve rose pink. Fine. Petite Henri—Large flower of clear mauve pink. Way underrated. Some years it would rate it 8 or more. The very best low priced pink Jap. The Breeze—Large fine dark red. Distinct. Mikado—One of the very best red Japs. Mine is the largest flowered variety. Tamahako—Fine among the pink Japs as Lauport is of the singles. Ulamot. Gypsy—Large very dark red that pleases both: Not as fine as "The Breeze" a good buy."

**SYMPOSIUMS**

Ratings in the Peony symposiums are much better than the Iris symposiums and yet of no much value to beginners unless guided by an expert grower.

**THE LAST SYMPOSIUM**

Such a mess was made in rating that the Judges names were kept secret. More experienced growers would have remembered from other years the countenance of Phyllis Kelby, Lord Kitchener, Polie Rennie, The Moore and others. Relly on Fally Gardens Ratings.

More Evidence

"The last several years I have been the recipient from you of some of the latest varieties and one in particular I would like to mention. It is a fine one particularly your ratings; a light in the wilderness, I might almost say. The Peony Symposium is of some value as indicating the worth of these varieties generally well known; but, from my experience of certain novels. I am frankly suspicions of the high values accredited to some of the newcomers. It is therefore, with a sense of relief that I turn to your modest List, where you have set your own modest appraisal of the varieties you offer."

All will be of fair weight

Note—Rebate does not apply on bargains and none given for discount.

**SOMETHING FOR NOTHING**

1, 2, 3, or more of the above will be given free with orders of $2.50 and up. Number given and size will depend somewhat on order. Name a list to select from, and indicate preference. Be economical with postage, receive an economical root. First buyers have first chance. No trash in bargain list. Go to it. Get all you can for nothing! ! !

**SOME GOAT**

Peony Goats are worse off than others because it takes several years to find out they were one all this time. Avoid being a goat by not falling for bargain Peony collections. How easy it would be for me to list my bargains at abnormal prices and then get away with it by cutting the price in two for the entire herd.

**MY PEONY GOATS**

Are better than others because of their low price.
### LAST WHITE

Marie Lemoine — is the best investment for bloom and money saved. Both do not open every year, even a very fine plant. Its low price allows buying more one year plants to make more certain bloom and money left will be over. Instead of buying the unreliable Mireille or Eristhanette.

### LAST PINK

Grandiflora — As fine among the late pinkers as Therese is among the earlies. All buds do not open every year, but low price allows buying more one year plants to make more certain bloom and money left will be left over. Instead of buying the unreliable Mireille or Eristhanette.

### cherry

### Brands

Brand red Peonies are synonymous with brightness and bright, they are popular, other reds in their favor. The reds in my list are all so brillian, yet distinct that one cannot stop with one but must have two or three.

Chas. McKellip — Choice velvety red.

Lodges — Brightest of all red Peonies.

Les Bonnemains — Very red, very deep red.

Walter Faxon — A great Peony that everyone must have.

### BRAND PEONIES

Brand red Peonies are synonymous with brightness and bright, and have desired other reds in their favor. The reds in my list are all so brilliant, yet distinct that one cannot stop with one but must have two or three.

Chas. McKellip — Choice velvety red.

Lodges — Brightest of all red Peonies.

Les Bonnemains — Very red, very deep red.

Walter Faxon — A great Peony that everyone must have.

### Chestine Cawdy — Should rate close to $3. Brand new priced Peony. Peachies and cream with cherry in the middle. A charmer, a sweet thing.

### SPECIFICATIONS

#### SMALL DIVISIONS

Mines are as large as any grower sends out, having one or two eyes. No split or chipped off roots. Supplied limited.

#### GOOD DIVISIONS

Are larger than small and as large as some call standard divisions. 1, 2, 3, 4, 5, 6, 7, 8, 9. Some bloom but do not expect it.

#### LARGE DIVISIONS

This grade is still larger and is a selection from the natural divisions remaining after a Peony clump has been divided. 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15. More stronger than the smaller divisions and some will bloom but it is not generally expected.

#### YEAR ONE PLANTS

Are the happy means and the favorite for general planting because they can reasonably be expected to bloom. My one year Peony plants are all of what the name implies, being a large division; that has been grown a year and have two or three three more strong stems of this year's growth. Prices quoted on one year on varieties not priced.

#### TWO YEAR PEONIES

It is possible to secure two year Peony plants that are healthy. These will give more flowers the first year. Prices quoted.

#### GUARANTEE

I guarantee the weight of all varieties listed except where noted.

#### ONCE OVER

To make up for lack of weight I will not send you an Iris or other plant but return the money you have coating.

### WHICH SPECIES

By all means buy as large sizes as can be afforded and then some. If possible purchase one year plants at least of low cost kinds. If one size cannot be afforded then two years will be a minimum.

### WHICH VARIETIES TO BUY

If a beginner buy largely from my unsuitable list. If money is no object and both your ambition and some of the very choicest and your rely on Peony Garden service to pick the very best for the money from other lists.

### NOT WORTH WHILE

Life is too short to waste on waiting two or three years for small Peony divisions to grow to blooming size. The money saved on more expensive varieties may justify waiting, but on low or moderate prices, kinds, never?

### BUY SATISFACTION

Money cannot buy happiness. One will come close to it if one or two year Peonies from Fairy Gardens are planted.
